CINCINNATI COMMERCIAL CONTRACTING COMMUNITY SPACE PROJECTS

GREAT EXPERIENCES BEGIN WITH THE FIRST CONVERSATION

"When I met with Cincinnati Commercial Contracting, I really felt like they really cared about what I was looking for, and that they were trying to meet my needs and could meet my timing requirements."

— Victoria Sneed
Owner, The Children's Academy

CREATING WELCOMING SPACES

Cincinnati Commercial Contracting works with churches, schools, daycare centers, indoor sporting facilities and community based organizations to build spaces that bring people together.

You want your building to feel warm and welcoming; to become a second home for your students, teachers, parishioners and neighbors. It is your vision for how your facility will be used that directs the advice we share with you about products and finishes. From our first meeting to the last, CCC listens to what you want and need, answers your questions.

There may be times during the construction process when you will want to have an owner-to-owner conversation. At CCC we welcome that call. You will have direct line access to our owners.

INDUSTRIES SERVED

CCC has extensive experience with community spaces projects, including:

- Daycare Centers
- Churches
- Schools
- Athletic Training Centers
- Early Learning Centers
- Temples
- Academies
- Activity Centers
- Indoor Sporting Facilities
- Recreation Centers

Whether this is your first commercial construction project or you are well versed with the process, CCC wants it to be a great experience for you. Your success is always the final target we aim to achieve. Visit cccontracting.com to learn more about our process and commitment to clients.

CINCINNATI COMMERCIAL CONTRACTING COMMUNITY SPACE PROJECTS

HELPING TO BRING YOUR COMMUNITY TOGETHER

Spaces built as learning centers, places of worship, and play and recreation zones need to be built to withstand large gatherings along with lots of wear and tear. They also need to be warm, inviting spaces. The CCC team understands the proper balance between esthetics and use. You will receive a space that functions beautifully and feels welcoming.

Your vision for your new building or space is a critical factor in the design-build process. With your insight, CCC can bring the best options to light. You will receive cost effective building solutions that are specific to your needs in order to ensure your projects success. Together we can build a space that will serve your community today, tomorrow, and for generations to come.

With CCC's 3D modeling you can see how your new space will function before construction begins. Changes can be made before construction begins saving you time and money.

Keeping communication lines open is just one thing we do to make the construction experience enjoyable for you. Your Project Manager will answer all your questions, and explain as many details as you want.

Building a space that is a new home for your community is important to us. The CCC team brings over 40 years of experience to every project.

SEEING IS BELIEVING

Cincinnati Commercial Contracting works with a diverse group of clients on community space projects. See some of our work at <https://www.cccontracting.com/community-spaces/>
